

Peace

It's a wonderful thing
The ultimate plan
It's a wonderful thing
It is the ultimate plan
Do you know what I'm talking about
It's called peace, man

No one wants pain
Nobody wants war
No one wants pain
We don't want war
War is an evil thing
No more war anymore

We must have pride in peace
We can't let peace lose
We must have pride in peace
We cannot let our peace lose
Peace leads the way to love
If we lose peace, we will get the blues

What will happen to a world without peace
Keeping peace may be hard
What will happen to a world without peace
Keeping peace will be hard
Stop conflict, and the job will be done
Peace is the ultimate playing card
