English	G	1	Ammarah has demonstrated high-spirited and competitive trends of improvement and growth in all learning areas. Above all, Ammarah is an ambitious and proactive student who is eager to make it to greater academic heights	MK
Maths	S	2	Ammarah continues to make progress and her interest for the subject has grown over the term. I would advise Ammarah to use the holiday to revise work covered so far by using the exercises in the tablet.	CM
Science	G	1	Ammarah continues to push herself within Science, a subject she shows a clear and natural ability for. My only "concern" would not to let any complacency creep in, which has on occasion. However, she can look forward to Y9 with a great deal of confidence.	SCG

**Tutor's Comment:** Ammarah has a great ability to express thoughts and feelings with an impeccable sense of diplomacy. During the academic year, Ammarah has reached many scholastic achievements and has shown remarkable growth in her confidence this year. She conducts herself with honesty and self-determination at all times. However, Ammarah needs to work extra hard in all her areas of weakness and take advantage of the holiday to devise some catch up and improvement mechanisms in order to favourably excel in year 9.
